

Calcium Bentonite Clay Tips & Testimonials from Perry A~

It's Perry A~ and I am back. Though we sold the Living Clay business in 2015, I have not retired from educating people to the plethora of uses of Calcium Bentonite Clay and answering their questions (512-773-0335 perrya@perrya.com) in an effort to understand this complicated natural substance. As I promised I will maintain the free clay information website www.BentoniteClayInfo.com. Since retiring from the webinars due to ongoing increasing expenses, I am picking up the slack by sending tips, articles, suggested protocols and new testimonials to share the magic of Bentonite Clay.

For a definitive guide to understanding and using clay I recommend my newest book *Calcium Bentonite Clay Nature's pathway to Healing – Balance, Detox, Stimulate, Alkalize*. You can order from www.TheClayBook.com or [Amazon](http://Amazon.com).

Today's Tips & Testimonials is about Diabetic with Purple Legs and Numb Feet

I heard the rebroadcast of Perry A~ on The Power Hour. I want to give a testimony about my 94 year old diabetic father. Dad lives with us and usually has his pants on when sitting in his recliner. One day I went into his part of the house and he wasn't wearing his pants. His legs were purple up to his knees and were numb. My wonderful wife packed clay around his legs twice a day with Press 'n' Seal for two weeks. His legs are now white and pink. Praise the LORD! – David S.
